## Professor Dashboard with student list

The screenshot shows a web browser window with the URL `localhost:8080/validateProf`. The page has a red header bar with a logo on the left, a "LOG OUT" button, and an "Add New Student" button on the right. Below the header, the title "STUDENT LIST" is centered. A table with five columns is displayed: "Email Address", "Fullname", "Course", "City", and "Action". The table contains five rows of student data. Each row in the "Action" column has two icons: a pencil for editing and a trash can for deleting.

Email Address	Fullname	Course	City	Action
cmcbanez.mnl@eac.edu.ph	Chelsia Marie Banez	BSIT	Manila	 
skrrt@gmail.com	Bambam	BSIT	Manila	 
harry.potter@gmail.com	Harry Potter	Potions	Manila	 
karina@gmail.com	Karina	BSCOE	Makati	 
giselle@gmail.com	Giselle	BSIT	Caloocan	 

When you press **“add new student”**. A form will pop up on the right side of the screen.

The screenshot shows the same Professor Dashboard as before, but with the "Add New Student" form open on the right side. The form has a title "ADD NEW STUDENT" and several input fields: "Email Address:" (with "pass@gmail.com" entered), "Student Name:" (with "Pass" entered), "Course:" (a dropdown menu with "BSCOE" selected and "BSIT" highlighted), "City:" (with "Enter City" entered), "Password:" (with "Enter Password" entered), and "Confirm Password:" (with "Confirm Password" entered). At the bottom of the form are two buttons: a green "Enter" button and a red "Cancel" button.

Email Address	Fullname	Course	City
cmcbanez.mnl@eac.edu.ph	Chelsia Marie Banez	BSIT	Manila
skrrt@gmail.com	Bambam	BSIT	Manila
harry.potter@gmail.com	Harry Potter	Potions	Manila
karina@gmail.com	Karina	BSCOE	Makati
giselle@gmail.com	Giselle	BSIT	Caloocan

Turned off autocomplete on the forms, so old emails in the database doesn't show up

The screenshot shows a web application interface for a professor's dashboard. At the top, there is a red header bar with a logo on the left and a "LOG OUT" button on the right. Below the header, the main content area is divided into two sections. On the left, there is a "STUDENT LIST" table with columns for Email Address, Fullname, Course, and City. On the right, there is a "ADD NEW STUDENT" form with fields for Email Address, Student Name, Course (a dropdown menu), City, Password, and Confirm Password. The form also has "Enter" and "Cancel" buttons at the bottom.

Email Address	Fullname	Course	City
cmcbanez.mnl@eac.edu.ph	Chelsia Marie Banez	BSIT	Manila
skrrt@gmail.com	Bambam	BSIT	Manila
harry.potter@gmail.com	Harry Potter	Potions	Manila
karina@gmail.com	Karina	BSCOE	Makati
giselle@gmail.com	Giselle	BSIT	Caloocan

New student automatically added to the list

The screenshot shows the same web application interface as before, but the "STUDENT LIST" table now includes a new student at the top. The table has columns for Email Address, Fullname, Course, City, and a set of edit/delete icons. The new student's email is hermione.granger@gmail.com, name is Hermione Granger, course is BSIT, and city is Manila. Below the table, there is a "See Quiz Results" button.

hermione.granger@gmail.com	Hermione Granger	BSIT	Manila	 
hello@gmail.com	hello	BSIT	Manila	 
stranger@gmail.com	stranger	BSIT	Manila	 
meme@gmail.com	meme	BSIT		 
newme@gmail.com	ME	BSCOE	Marikina	 
hi@gmail.com	hi	BSCOE	Makati	 
rawrrawr@gmail.com	rawr	BSCOE	Marikina	 
pass@gmail.com	Pass	BSCOE	Caloocan	 

When you click “see quiz results”. It will show the list of students who took the quiz

When you press ***“create new account”***. A registration form will show up

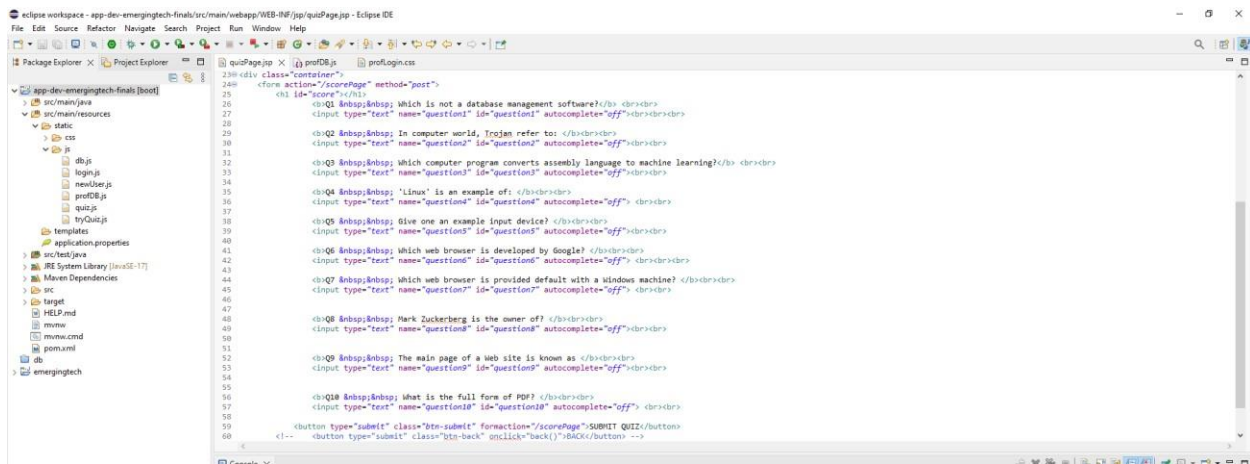

**Student Access Page**

When you press ***“start quiz”***. It will lead you to the Quiz Page. Turned of the autocomplete on the input text so it doesn't show the answers

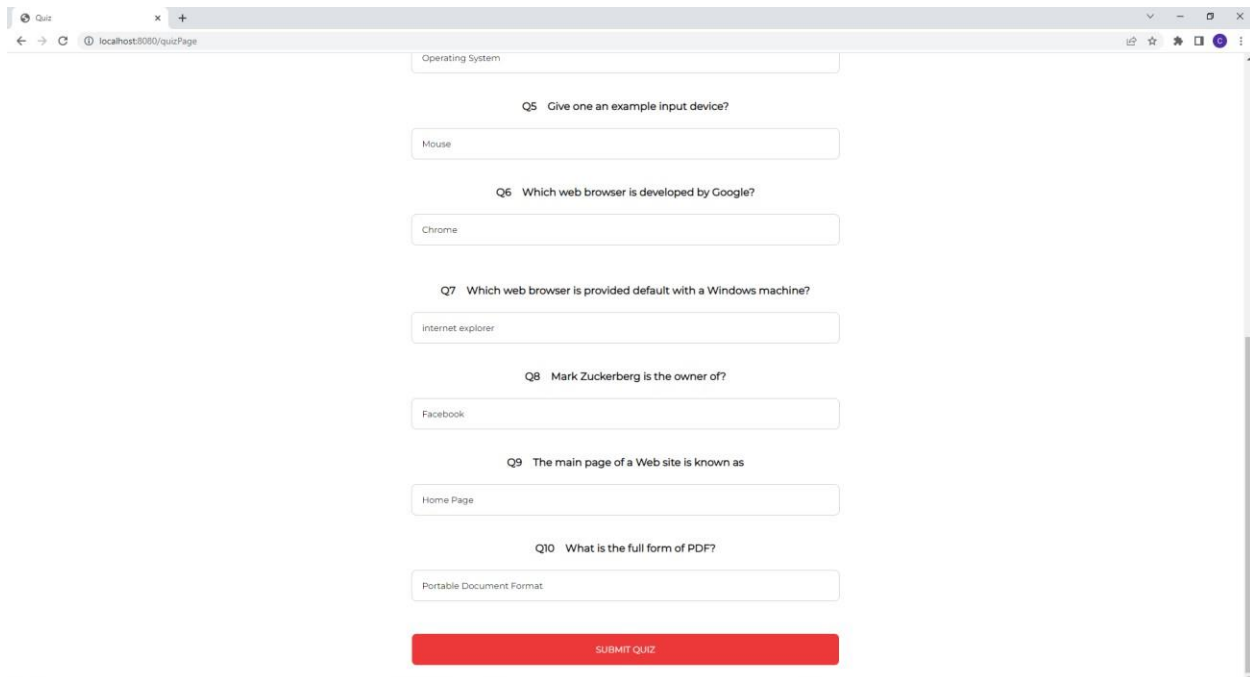

## Codes for the input texts

```
23<div class="container">
24<form action="/scorePage" method="post">
25  <div id="score"></div>
26  <div id="question1">Which is not a database management software?</div>
27  <input type="text" name="question1" id="question1" autocomplete="off">
28
29  <div id="question2">In computer world, Trojan refer to:</div>
30  <input type="text" name="question2" id="question2" autocomplete="off">
31
32  <div id="question3">Which computer program converts assembly language to machine learning?</div>
33  <input type="text" name="question3" id="question3" autocomplete="off">
34
35  <div id="question4">Linux is an example of:</div>
36  <input type="text" name="question4" id="question4" autocomplete="off">
37
38  <div id="question5">Give one an example input device?</div>
39  <input type="text" name="question5" id="question5" autocomplete="off">
40
41  <div id="question6">Which web browser is developed by Google?</div>
42  <input type="text" name="question6" id="question6" autocomplete="off">
43
44  <div id="question7">Which web browser is provided default with a Windows machine?</div>
45  <input type="text" name="question7" id="question7" autocomplete="off">
46
47  <div id="question8">Mark Zuckerberg is the owner of?</div>
48  <input type="text" name="question8" id="question8" autocomplete="off">
49
50  <div id="question9">The main page of a web site is known as:</div>
51  <input type="text" name="question9" id="question9" autocomplete="off">
52
53  <div id="question10">What is the full form of PDF?</div>
54  <input type="text" name="question10" id="question10" autocomplete="off">
55
56  <div id="submit">
57    <input type="submit" value="Submit Quiz" />
58  </div>
59</div>
60</form>
```

It doesn't accept the final answer, even if the spelling is correct, if it doesn't follow the instruction on the Student Access because it's already given in the program

Operating System

Q5 Give one an example input device?

Mouse

Q6 Which web browser is developed by Google?

Chrome

Q7 Which web browser is provided default with a Windows machine?

Internet explorer

Q8 Mark Zuckerberg is the owner of?

Facebook

Q9 The main page of a Web site is known as

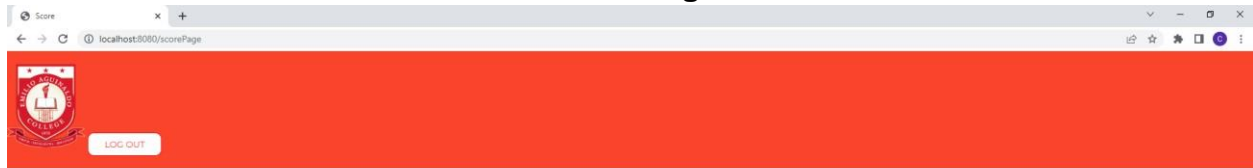

Home Page

Q10 What is the full form of PDF?

Portable Document Format
